

Grade 1 Game Levels & Gameplay Mechanics

Grade 1 levels and gameplay mechanics continue below, structured using the MATATAG Grade 1 Reading, Literacy, and Language curricula alongside ASHA speech sound acquisition targets for ages 5–6.

Island 1: "My Self & My Family" (Quarter 1)

- **MATATAG Focus:** Self and family vocabulary, sound isolation (initial/final), rhyming, and syllable segmentation.
- **ASHA Target (Age 5):** Liquid /l/ acquisition, eliminating gliding (/l/ → /w, y/), and resolving deaffrication (/ch/ → /sh/).

Level & Name	DepEd MATATAG Focus	Phonological Target & Process	Flutter UI Template & Mechanics	Dynamic Content Injection (Default vs. Error Target)
1.1: Family Name & Sound Station	Self & family vocabulary (RL1VWK-I-1); initial sound isolation (RL1PWS-I-3).	Liquid /l/ production; eliminating Gliding (/l/ → /w/).	SequenceJumperWidget (Letter Assembly): Drag letter tiles onto target frames to spell family words.	Default: Love, Like, Leaf, Line. Gliding Target: /l/ words with visual lip positioning cue ("Love" vs. "Wove").
1.2: Family Sorting Basket	Classifying naming words for family/persons (RL1VWK-I-2a).	Affricate /ch/ production; eliminating Deaffrication.	BucketSortWidget (Category Bin): Drag family action/item cards into correct role bins.	Default: Chair, Child, Check, Hug. Deaffrication Target: /ch/ vs. /sh/ contrasts (Chair vs. Share, Chop

Level & Name	DepEd MATATAG Focus	Phonological Target & Process	Flutter UI Template & Mechanics	Dynamic Content Injection (Default vs. Error Target)
				vs. Shop).
1.3: Rhyme Time Porch	Identifying & producing rhyming words (RL1PA-I-3, RL1PA-I-4).	Liquid // in final positions & cluster prep.	MinimalPairWi dget (Flip & Match): Flip shutters to pair rhyming words.	Default: Ball–Tall, Wall–Fall, Bell–Well. Error Target: Minimal pairs contrasting // omissions (Ball vs. Bo).
1.4: Echo Family Studio	Narrating personal family experiences (RL1CCT-I-1a).	Connected speech fluency & liquid sound integration.	EchoCaveWid get (Mic Recording): Record 2–3 word sentence prompts.	Default: "I love family", "Like my home". Target Profile: Sentences targeting // and /ch/ accuracy.

Island 2: "School Life & Class Routines" (Quarter 2)

- **MATATAG Focus:** School vocabulary, describing words, story sequencing (3 events), cause and effect.
- **ASHA Target (Age 5):** Liquid /r/ acquisition, eliminating gliding (/r/ → /w/), and mastering L-Clusters (/bl, gl, fl/).

Level & Name	DepEd MATATAG Focus	Phonological Target & Process	Flutter UI Template & Mechanics	Dynamic Content Injection (Default vs. Error Target)
2.1: Classroom Item Catcher	School objects & describing words (RL1VWK-II-1, RL1VWK-II-2b).	Liquid /r/ production; eliminating Gliding (/r/ → /w/).	TapAndPopWidget (Target Hunter): Tap falling classroom supplies containing target sounds.	Default: Red, Ruler, Ring, Eraser. Gliding Target: /r/ targets with tongue-retraction visual cues (Red vs. Wed).
2.2: Story Line Jumper	Narrative sequencing with 3 chronological events (RL1CAT-II-1b).	L-Consonant Blends (/bl, gl, fl/); eliminating Cluster Reduction.	SequenceJumperWidget (Card Ordering): Arrange 3 story sequence cards in chronological order.	Default: First (Bell), Second (Read), Third (Play). Blend Target: Blend targets bolded (Blue book, Flag raised, Glass clean).
2.3: Cause & Effect Lab	Identifying cause & effect in school	Voiced fricative /v/ production & medial /r/.	BucketSortWidget (Cause-Effect	Default: Rain → Wet, Read → Learn.

Level & Name	DepEd MATATAG Focus	Phonological Target & Process	Flutter UI Template & Mechanics	Dynamic Content Injection (Default vs. Error Target)
	events (RL1CAT-II-1f).		Bin): Match cause cards to their effect bins.	Target Profile: Words containing /v/ and /r/ (Give, Very, Read, Write).
2.4: Echo Classroom Express	Retelling stories & expressing school ideas (RL1CCT-II-2, RL1CCT-II-3a).	Connected speech & multisyllabic sentence articulation.	EchoCaveWidget (Speech Studio): Record full short phrases into the microphone.	Default: "I read books", "My red ruler". Target Profile: Embedded /r/ and L-blend phrases ("Blue ribbon is red").

Island 3: "Community Helpers & Places" (Quarter 3)

- **MATATAG Focus:** Community helpers/places, sentence reading fluency, problem and solution, informational texts.
- **ASHA Target (Ages 5–6):** Affricates /ch, j/, fricative /v/, eliminating R-Cluster Reduction (/tr, dr, kr, gr/).

Level & Name	DepEd MATATAG Focus	Phonological Target & Process	Flutter UI Template & Mechanics	Dynamic Content Injection (Default vs. Error Target)
3.1: Community Map Navigator	Community helpers & places (RL1VWK-III-1); labeling occupations.	Voiced affricate /j/ production; eliminating Deaffrication (/j/ → /zh, z/).	BucketSortWidget (Map Sort): Drag helper cards to designated community locations.	Default: Judge, Job, Jump, Guard. Deaffrication Target: /j/ target emphasis (Judge, Jump, Jam) with mouth diagram.
3.2: Helper's Task Trail	Reading simple sentences with speed & accuracy (RL1CAT-III-1).	R-Consonant Blends (/tr, dr, kr, gr/); eliminating Cluster Reduction.	SequenceJumperWidget (Step Path): Hop across path tiles by reading short task sentences.	Default: Train, Drive, Truck, Green. Cluster Target: R-blends highlighted (Truck vs. Tuck, Drive vs. Dive).
3.3: Problem-Solver Market	Identifying problem & solution in informational	Labiodental fricative /v/ & palatal /sh/ review.	TapAndPopWidget (Bubble Grab): Pop solution	Default: Van, Vest, Village, Doctor. Error Target:

Level & Name	DepEd MATATAG Focus	Phonological Target & Process	Flutter UI Template & Mechanics	Dynamic Content Injection (Default vs. Error Target)
	texts (RL1CAT-III-3b) .		bubbles to solve community problems.	Contrast pairs for /v/ vs. /b/ (Van vs. Ban, Vest vs. Best).
3.4: Radio Station Echo	Narrating community experiences (RL1CCT-III-1a) .	Complex sentence production & acoustic speech self-monitoring.	EchoCaveWid get (Broadcast Mic): Record news reports for community helpers.	Default: "Drive the truck", "Visit the clinic". Target Profile: Sentences with /j/, /v/, and R-clusters.

Island 4: "Our Environment & Nature Explorer" (Quarter 4)

- **MATATAG Focus:** Environment vocabulary, informational text comprehension, creative response, expressing environmental ideas.
- **ASHA Target (Age 6):** Interdental fricatives /th/ (θ, ð), S-Clusters (/st, sp, sk/), and resolving epenthesis/stopping.

Level & Name	DepEd MATATAG Focus	Phonological Target & Process	Flutter UI Template & Mechanics	Dynamic Content Injection (Default vs. Error Target)
4.1: Nature Trail Cleaner	Environmental terms & describing natural resources (RL1VWK-IV-1, RL1VWK-IV-2b)	Voiceless interdental /th/ (θ); eliminating Stopping (/th/ → /t, p/).	TapAndPopWidget (Eco-Pop): Tap environmental litter items containing target sounds.	Default: Earth, Think, Path, Tree. Stopping Target: Tongue-between n-teeth visual guide for /th/ (Think vs. Tink).
4.2: Ecosystem Sequence Jump	Sequencing environmental events & cause-effect relationships (RL1CAT-IV-2b, f).	Voiced interdental /ð/; eliminating Stopping (/ð/ → /d/).	SequenceJumperWidget (Path Hop): Jump across logs by following plant/animal growth stages.	Default: This, That, They, Mother Nature. Stopping Target: Contrast pairs for /ð/ vs. /d/ (This vs. Dis, That vs. Dat).
4.3: Earth Defender Match	Informational text details & creative	S-Consonant Blends (/st, sp, sk/); eliminating	MinimalPairWidget (Card Flip): Match	Default: Star, Sky, Plant, Stone.

Level & Name	DepEd MATATAG Focus	Phonological Target & Process	Flutter UI Template & Mechanics	Dynamic Content Injection (Default vs. Error Target)
	response (RL1CAT-IV-3a, RL1CCT-IV-4).	Cluster Reduction.	eco-actions to environmental impact cards.	Cluster Target: S-blend contrasts (Star vs. Tar, Sky vs. Ky, Spoon vs. Poon).
4.4: Explorer's Echo Cave	Expressing ideas & narrating personal experiences with nature (RL1CCT-IV-1a, 3a).	Complex connected speech integration & phonetic habituation.	EchoCaveWid get (Cave Recording): Record complete environmental pledges.	Default: "I protect the earth", "Plant green trees". Target Profile: Custom phrases matching identified Grade 1 error targets.

Island 5: "Grade 1 Mastery Island" (Post-Assessment)

Purpose: Interactive post-assessment embedded directly into gameplay mechanics to evaluate Grade 1 speech sound mastery and curriculum-aligned literacy competencies without formal testing stress.

Level & Name	Diagnostic Screener Objective	Phonological Target & Process Tested	Flutter UI Template & Mechanics	Assessment Target Word / Phrase Items
5.1: Echo River	Re-evaluates Liquid sounds (/l, r/) and Gliding processes.	Liquid production (/l, r/) & Gliding elimination.	EchoCaveWidget (River Echo): Tap floating leaves, listen to prompt, repeat target into mic.	Target Items: Leaf, Love, Red, Ring, Ruler, Yellow.
5.2: Mirror Cave	Re-evaluates Affricates (/ch, j/) and Fricatives (/v, sh/).	Deaffrication, Fronting, and Stopping of Fricatives.	TapAndPopWidget + EchoCaveWidget (Crystal Wipe & Record): Wipe crystal, state revealed word into mic.	Target Items: Chair, Chop, Judge, Jump, Van, Vest.
5.3: Cluster Bridge Challenge	Re-evaluates complex consonant blends (R-blends, L-blends, S-blends).	Cluster Reduction across /bl, fl, tr, dr, st, sk/ blends.	SequenceJumperWidget + EchoCaveWidget (Bridge Step & Speak): Cross bridge planks by pronouncing	Target Items: Blue, Flag, Truck, Drive, Star, Sky.

Level & Name	Diagnostic Screener Objective	Phonological Target & Process Tested	Flutter UI Template & Mechanics	Assessment Target Word / Phrase Items
			blend targets.	
5.4: Grand Narrative Speech Ceremony	Evaluates overall sentence fluency, speech intelligibility, and Grade 1 connected oral discourse.	Connected narrative speech articulation & sentence-level PCC.	EchoCaveWidget (Storybook Narration): Turn digital storybook pages and record 3 summary sentences.	Target Sentences: 1. "I love my family and school." 2. "The red truck drives fast." 3. "We protect the green earth."
